How can we reach you most easily?

Describe generally your proposed project, craft piece work of art or sculpture:

**What type and quantity of wood from Herbie would you hope to buy or acquire?
(e.g. whether green or kiln dried lumber, size of lumber or limbs of tree, rough idea of quantity of limbs, lumber or other parts of Herbie needed for your project)**

Will your project, craft piece or work of art be completed and available for inclusion in an exhibition in November, 2010?

Elimination of Bark from Project: Because the bark of an elm tree is the area most subject to the Dutch Elm Disease and improper handling and/or disposal of the bark could result in reintroduction of contaminated material in the environment, the artist/craftsperson agrees to remove and eliminate all bark of the tree remnants from the project or work of art and incinerate them.
