

**PROJECT SCOPE**

- General Project / Concept Plan Area
- Project Focus Area / Element
- Project Extent of Trail Improvements
- Potential Future Trail Improvements

**ROYAL RIVER PARK IMPROVEMENTS – SCOPE PRIORITIES**

**KEY TO IMPROVEMENTS**

- 1 Reroute trail section for improved safety & access
- 2 Maintain existing picnic area & performance stage locations.
- 3 Preserve existing open space.
- 4 Maintain crossing, improve drainage, and naturalize wet lawn area.
- 5 Widen existing trail to address social distancing and improve accessibility. Replace railings along trail.
- 6 Improve overlook with new seating, railing, and features. Relocate path behind ravine.
- 7 Manage invasive vegetation along trail & open views (future).
- 8 Address drainage impacts to path with environmentally sensitive solutions.

**SYMBOLS KEY:**

- Existing trail to remain
- Existing trail segment to be improved
- Rerouted trail segment
- Parking / Accessible Parking
- Picnic space
- Public art - potential location (TBD)
- Signage
- Wetlands / Setbacks
