A Yarmouth Dog Park Proposal:
The path taken and next steps

PURPOSE: The PLC's Dog Park subcommittee is hosting a public meeting for Yarmouth residents to hear about the plans to build a fenced in dog park in Yarmouth.

The Committee has evaluated 11+ sites in Yarmouth and the best option appears to be a space at Pratt's Brook Park. Please join us to hear the process, the Town Council's request for further work from this sub-committee, and the anticipated next steps.

Public comment and feedback will be open to residents.

Residents who are unable to attend may direct written comments to the Yarmouth Community Services Dept. via email or in-person. Comments will not be read aloud at this meeting.
